AT A GLANCE

Established in 2008, **Keyhole Software** is a consulting firm that goes beyond just providing software services; we deliver value to our clients. We specialize in crafting technology solutions tailored to unique business needs. Our offerings range from custom software consulting to comprehensive, turn-key software development services.

We're not just about building software; **we're about building success.** Our services are meticulously designed to empower businesses and organizations to create and implement high-quality, scalable, and maintainable software solutions. We leverage modern technologies and industry best practices to ensure your software solutions are always at the forefront of innovation.

Unique Perspective

Keyhole's hands-on experience in diverse industries offers a fresh perspective and innovative approach to government projects. We leverage our cross-industry expertise, resourceful practices, and unwavering commitment to quality, to deliver rapid results for all clients, including government agencies.

- **Cloud:** Azure, AWS, GCP
- **Mobile:** Flutter, React Native, Angular-Native, Xamarin, Swift
- **DevOps:** Docker, Kubernetes

RECENT PROJECT SUCCESSES

1

Evergy - Energy Utility - Repeat Client \$1,262,832.80 - 3 Years

Turn-key development of a re-imagined power outage management app uniting disparate systems in a multi-phase project using .NET Core, C#, React, and TypeScript. Delivered under budget & ahead of schedule.

2

U.S. Dept of Agriculture - Subcontracting Through SAIC \$10.8M - 6 Years

Platform architects for a successful cloud migration off an on-premise hosting to AWS ECS & first containerization initiative with Docker. Introduced a new deployment model, including health checks & centralized logging. **Repeat client.**

3

Commerce Bank - Repeat Client \$591,840 - 1 year

Developed a React web app designed to help hospitals manage payments. The Keyhole agile team of 3 front-end and 4 back-end devs used React, .NET Core, Azure, SQL Server & Azure DevOps to deliver it on time and on budget.

HOW WE DELIVER VALUE

- Our experienced consultants average 17 years in the industry and have been with us for over 5 years. This extensive expertise and commitment allow us to match the perfect consultant to each project, ensuring successful outcomes for our clients.
- Our 100-strong team operates across key locations like Kansas City, Denver, St. Louis, and remotely in other areas across the United States. Our widespread coverage enables us to deliver top-quality consulting services efficiently and effectively.
- We prioritize technical innovation and knowledge transfer. As a testament to this commitment, we maintain an [employee development blog](#), create informative [videos](#), and organize client education events. By staying at the forefront of emerging technologies and facilitating knowledge sharing, we empower clients to make informed decisions and leverage cutting-edge solutions to drive their success.
